Inspiration

Pangea comes from
Greek word "pangaia"
translating to
"all of the Earth".

This definition inspired
the idea of basing the logo around connection and community. The icon at first looks like a globe with a jumble of continents together,
but taking a closer look reveals a mother elephant nurturing a baby elephant.

The elephants were chosen again as they happen to
resemble the shape of Africa, Pangea as a whole,
and are also symbols of connection, trust, and family in many African tales.
